

What is the ITERC?

- ❖ Inter-Tribal Council of Nevada (ITCN)
 - Governing Board
 - Departments/Programs
 - Inter-Tribal Emergency Response Commission (ITERC)
 - Advisory Board
 - Staff

ITERC Structure

ITERC Projects

- ❖ Tribal NIMS (SHSP)
- ❖ Tribal Clinic NIMS (CDC)
- ❖ Program Administration (EMPG)
- ❖ Tribal Rural Interoperability (SHSP)
- ❖ Disaster Communications Box (Combination)

Tribal NIMS

- ❖ SHSP grant awarded to the ITERC to deliver individual Tribe-specific CEMPs and NIMS compliance activities to the Tribes in NV.
- ❖ Current Status: 25 Tribes visited, 19 edited CEMPs delivered, 3 CEMPs in various stages of editing, 8 exercises delivered, 3 in planning phase.
- ❖ Training and implementation activities ongoing.
- ❖ Project Coordinator: Regina Marotto

Tribal Clinic NIMS

- ❖ CDC and ASPR grants awarded to deliver EOPs, training, and NIMS implementation activities to Tribal health facilities in NV.
- ❖ ICS and CERT training: 33 classes delivered.
- ❖ Current status: 12 clinic EOPs delivered, training and implementation activities ongoing.
- ❖ Project Coordinator: Daniel Thayer

Program Administration

- ❖ Emergency Management Performance Grant (EMPG) provides Program Administrator salary, allowing support for:
 - Daily ITERC activities and office administrative support, social media/public information, training coordination, planning and implementation and exercise delivery and evaluation.
 - COOP planning and info-sharing point of contact.
 - Development of Mutual Aid agreements.
- ❖ Program Administrator: Crystal Harjo

Tribal Rural Interoperability

- ❖ SHSP grant awarded to the ITERC to complete an Interoperability Gap Analysis.
- ❖ Initially approached on a statewide level, and has grown into a Western Regional effort.
- ❖ Gap Analysis Completed – Survey of communications capabilities within all reservations in Nevada.
- ❖ Build-out of project dependent on available funding opportunities.
- ❖ Project Manager: Terry Bohl MEP

Emergency Communications Box

- ❖ A redundant communications system that can be used as a mobile EOC and/or ICS anywhere, under any conditions.
- ❖ All command/control functions and support materials are included in the box.
- ❖ Mesh System adds range and communications support.
- ❖ DHS funding allowed for the purchase, development and delivery of 25 boxes to be delivered to the ITERC and Tribes in Nevada.

ITERC Activities

- ❖ Technical assistance and support:
 - TRE Fire (May 2012)
 - McDermitt water contamination (May 2012)
 - Long Draw Fire (July 2012)
 - McDermitt Evacuation Plan (July 2012)
 - Spring Fire (July 2012)
 - Bull Run Complex (August 2012)
 - RSIC Flood (November – December 2012)

ITERC Activities

❖ Training Delivered
